

Dear Rhonda and Paul:

I wanted to personally take a second to drop you a quick "thank you" for all the great things you do as a partner in our Rosie on the House Contractor Referral Network.

You both set the bar extremely high for our other members to emulate. It is gratifying to be associated with you for all these years and to watch you both grow your business and your customer base by doing all the "right" things for your customers and your employees.

You fit the vision of what we strive to have all of our members be as well as our own model for ourselves. Once again, thank you for all you do and keep up the good work!

Sincerely,

Michael
