Lyons Roofing
3825 South 27th Street
Phoenix, AZ 85040

Dear Paul, Rhonda, and Staff,

It is always a pleasure to call Lyons Roofing for any roofing issues, estimates or needs that we come across in our residential renovations.

It makes no difference whether we are working with sales or production, your professionalism is outstanding. Pricing is always consistent, allowing me to estimate most roofing projects without having to make an additional site visit. I can always count on you and your staff to use the best quality materials available. Your crew shows up to the job sites on time, with the right material, wonderful attitudes and a professional demeanor. Each time I have your staff on any of our job sites, they show their excitement of working for and being associated with a quality driven company. It is very obvious by viewing the end product that everyone in your company has been trained to service the client to their best ability.

It is with the highest esteem that we recommend Lyons Roofing to our clients. Thank you so much for being our trade contractor of choice for roofing.

Sincerely,

Brad Christensen
