To whom it may concern,

I have had the pleasure of getting to know and deal with the LaNues and the entire Lyons Roofing Team for the past 5 years.

On many occasions, I have relied on the industry expertise of Lyons Roofing for research in answering the many roof related questions we received on our Saturday broadcast and the rosieonthehouse.com website. I am even grateful for their commitment to being a leader in the roofing industry and the generous amount of time they spend educating me for the benefit of all Arizona Homeowners.

I can proudly recommend Lyons Roofing to solve any roofing situation they are asked to solve; new construction, re-roofing or repairs.

Respectfully Submitted,

Rosie
